Four score and seven years of tulips growing as the wildfire, their rich heritage of hockey is quite astounding. How about them Mets? The lodging is as firm as your grandfather's descended left testicle. And don't get me started on the beds and room service. The beds are made of tacos with a "special white sauce" dollop. Pancakes are a true savior when it comes to choosing the colour of your bedroom. Twelve and six are honestly the tastiest sandwich I ever ate. If you get touched by a stranger in a nasty place, always sell him the best dishwasher in the store. Try to rip out his insides and put it for a test run. It was not long after that George Washington became the dictator of Japan, seeking sexual relations with all citizens.

Damned be the promise of the life of helicon-Porsche. Of course, the Queen Elizabeth could not have been the king of Australia if it weren't for the presidents she had repeatedly had sex with while being a prostitute on the streets of Minnesota. One of the presidents she had sex with happened to be Fidel Castro, president of the Canada. But enough of the leaders, of course we all know that the NO DISC FOUND. Who's the bad guy now? So the chicken is cooked thoroughly, gently shake it out and pin it up on the third line of the mailbox. Would you like some crackers? I have plenty of crackers in my family history. Feel free to help yourself. Der Stift muss Schärpen. Sharpen it now! Well that's all for the history of Spain. I hope you enjoyed all of the facts and trivia of the Berlin Wall.
